

الْحَمْدُ لِلَّهِ رَبِّ الْعَالَمِينَ، أَرْسَلَ رَسُولَهُ بِالْهُدَى وَالْحَقِّ الْمُبِينِ، وَأَشْهَدُ أَنْ لَا
إِلَهَ إِلَّا اللَّهُ وَحْدَهُ لَا شَرِيكَ لَهُ، وَأَشْهَدُ أَنَّ سَيِّدَنَا وَنَبِيَّنَا مُحَمَّدًا عَبْدُ اللَّهِ
وَرَسُولُهُ، رَحْمَةً اللَّهُ وَنِعْمَتُهُ، وَعَطِيَّةً وَمِنَّتُهُ، فَاللَّهُمَّ صَلِّ وَسَلِّمْ وَبَارِكْ عَلَى
سَيِّدِنَا وَنَبِيَّنَا مُحَمَّدٍ، وَعَلَى آلِهِ وَصَحْبِهِ أَجْمَعِينَ، وَعَلَى مَنْ تَبِعَهُمْ بِإِحْسَانٍ
إِلَى يَوْمِ الدِّينِ.

All praises are for Allah. Who sent His Messenger with guidance and a clear Truth. And I bear witness, that there is nothing worthy of worship, except Allah. And I bear witness that our Leader and Master, our Prophet, Muhammad, is the perfect example of servanthood unto Allah. The Mercy of Allah and His Blessing, His Gift and Boon. O Allah send your salutations, peace and blessings upon our Prophet Muhammad and upon all of his family and companions. And upon whomsoever follows them in the best of ways till the Last Day.

'GLOBAL WARMING', 'CARBON FOOTPRINT' 'THE GREENHOUSE EFFECT'

what do you know about them and what are you doing about them?

We get affected by national and international politics and policies, but why not something that affecting us all and the future of our children?

£11 BILLION worth of food is thrown away each year, **7 MILLION TONNES**
A third of what we buy- families with children throw away almost 40%

What is Climate Change? In short, our planet is getting hotter as humans are producing too much greenhouse gases, such as carbon dioxide and methane by over-farming cows to produce beef, Deforestation, Driving Fridges and AC, Burning Fuel, Excessive Building & Excessive Waste

What Are The Effects Of Climate Change? The increasing temperature has various geological and environmental impacts: It melts the ice on Antarctica, causes floods, making the seasons more harsh, droughts, wildfires, famine and much more worldwide...

The Earth is an Amanah given to us by Allah ﷻ . The etiquette of Amanah is to return it to its keeper in the same condition it was given. Climate change will be the single biggest threat to humanity, this decade.

We must not forget the Earth is alive and has a consciousness of its own, continually declaring the glory of Allah ﷻ:

“The seven heavens declare His glory and the earth too, and those who are in them, and there is not a single thing but glorifies Him with His praise, but you do not understand their glorification; surely He is Forbearing and Forgiving” (17:44)

The verse makes it abundantly clear that everything in creation glorifies Allah ﷻ. If it can glorify Allah, it can also complain to Allah ﷻ, and on the Day of Judgement, it will complain about how it was treated.

That Day, it will report its news, Because your Lord commanded it. (99:4)

Our very limbs we used to damage the Earth will confess on the Day

That Day, We will seal over their mouths, and their hands will speak to Us, and their feet will testify about what they used to earn” (36:65)

Further to this, we shouldn't forget the benefit we derive from this world:

It is He who sends down water for you from the sky, from which comes a drink for you, and the shrubs that you feed to your animals. with it, He grows for you grain, olives, palms, vines and all kinds of other crops. there truly is a sign in this for those who reflect.” (16:10-11)

Allah ﷻ has designed the world to give us everything we need to live happily and in abundance and has warned us against damaging it:

Do not pollute the earth after it has been set in order” (7:56)

“Whoever reclaims and cultivates dry, barren land, will be rewarded by Allah for the act. So long as men and animals benefit from it, He will record it as almsgiving.” **إِنْ قَامَتْ عَلَى أَحَدِكُمُ الْقِيَامَةُ وَفِي يَدِهِ فَسْلَةٌ فَلْيَغْرِسْهَا**
